INTRODUCTION

OVERVIEW

In 2016 California codified a dramatic change in election law by adopting the Voters Choice Act (VCA) (EC 4005). The Voters Choice Act authorized Madera County (and 13 other counties) to conduct any election by all mailed ballot with Vote Centers commencing in 2018. The Madera County Registrar of Voters (MCROV) adopted the VCA Model in September 2017.

In 2002 state law was amended to allow voters to register as permanent vote-by-mail. Since then the number of vote-by-mail (VBM) has steadily grown to 67% of the County's registered voters as of the 2016 General Election.

The Madera County Registrar of Voters established both a Voting Accessibility Advisory Committee (VAAC) and a Language Accessibility Advisory Committee (LAAC) in September of 2017. These committees were established to provide important feedback to MCROV.

The MCROV is required by the VCA to revise the Election Administration Plan (EAP) every 4 years. The plan is intended to be all encompassing; representing feedback from various stakeholders, interest groups and community members including our language and disability communities. In accordance with Election Code 4005(a)(10)(G) the MCROV is revising the Election Administration Plan for the 2024 Election cycle.

The MCROV has planned a public hearing to solicit public input regarding the draft revised plan. Additionally the County Elections office is specifically seeking input from those individuals and organizations representing the limited English proficiency and disability communities.

The public comment period for the draft revised administration plan will commence on July 31, 2023 and end August 14, 2023 at 5:00pm. A noticed public hearing will be conducted at 3:00pm on August 11, 2023, at the Madera County Government Center, located at 200 West Fourth Street, Madera, CA 93637, as required by law, to give the community the opportunity to comment publicly on the plan.

The EAP is intended to provide the necessary information to the voters of Madera County regarding the implementation of the VCA. As such, herein we describe the vote-by-mail (VBM) process, the proposed locations of Vote Centers and ballot drop off locations (BDOL), technology to be deployed and a description of our voter education and outreach plan.

VOTE-BY-MAIL

In accordance with the VCA, all registered voters will be mailed a ballot 29 days before the election with a ***postage paid*** envelope to return the ballot in. Voters may request a VBM ballot in a language other than English. All voters may take advantage of our Remote Accessible Vote-

By-Mail System (RAVBM), which will allow qualified voters to access and mark their ballot in a screen-readable format on a personal computer.

VOTE CENTER AND BALLOT DROP-OFF LOCATIONS

The VCA establishes definitive criteria for the placement/location of vote centers and drop boxes. The law requires that Vote Centers and Ballot Dropoff locations be accessible to voters with disabilities, located near population centers, public transportation and near low-income and language minority communities.

Vote Center and Ballot Drop-off locations have been updated and will be reviewed with stakeholders. Additionally, Geographic Information System (GIS) mapping software, U.S. Census Data, voter history and any other readily available data were utilized to ensure locations are in optimal proximity to voters.

The plan, as currently written anticipates that the first two vote centers would be located in the communities of Madera and Oakhurst. Vote Centers 3 through 8 are anticipated to be in the communities of Chowchilla, Coarsegold, Madera and Madera Ranchos. It is anticipated that Ballot Drop boxes will be in the communities of Chowchilla, Madera, North Fork, Madera Ranchos and Oakhurst.

Vote Centers: Vote Centers will operate similar to polling places, allowing voters to cast their ballots in person, whether on paper or by utilizing an accessible ballot marking device. Unlike polling places, however voters can cast their ballots, or request and receive replacement ballots at any Vote Center countywide. Voters will also be able to register to vote or update their registration at any Vote Center. Voters who have not registered before the close of registration (14 days prior to the election), will be able to Conditionally Register to Vote (CVR) at any Vote Center and cast a provisional ballot through Election Day.

Vote Centers will have secure access to the County’s Election Management System (“EMS”), allowing Vote Center staff to verify, in real time, the voting status of each voter. Vote Centers will be equipped with up a minimum of 3 accessible ballot marking devices. All Vote Centers will be ADA-compliant, and Elections personnel will be on site to assist voters with specific needs.

Security and contingency plans will be in place to prevent disruption of voting, and to ensure that the election is properly conducted. When Vote Centers are not in operation, the site and equipment will be secured through tested and established security protocols such as tamper evident seals and secure storage facilities.

A sample Vote Center layout diagram is provided in the appendices.

VOTE CENTER FORMULA: Vote Centers will open sequentially, with greater numbers of Vote Centers in operation as the election draws nearer. The first two Vote Centers will open 10 days before

the election, and four additional Vote Centers will be in full operation beginning the third day before the election.

The VCA has established the following formula for determining the number of Vote Centers throughout the County. These numbers are based on an estimate of 74,000 registered voters for the March 2024 Election:

Days before election day	Number of Registered Voters per Vote Center	Number of Vote Centers
10	50,000	2
3	10,000	8

All Vote Centers will be open from 8am to 5pm starting 10 days before the Election, including weekends and holidays, and open from 7:00 a.m. to 8:00 p.m. on Election Day.

Each Vote Center will be staffed by no less than five election workers. The County will recruit at least one Spanish-speaking election worker in each Vote Center to provide language assistance. Additionally, the County will make a good faith effort to recruit election workers who speak Punjabi.

BALLOT DROP-OFF BOXES: At least one Ballot Drop-off box is required for every 15,000 registered voters in the County. Accordingly MCROV will provide 5 ballot drop boxes and include a plan for a sixth box when required. Ballot drop boxes will be available no less than 28 days before Election Day and open during regular business hours. All Madera County ballot drop boxes will be located outside and be open 24 hours per day until 8:00pm on Election Day.

A list of proposed Vote Center and Ballot Drop-off locations, along with Vote Center and Ballot Drop-off location maps, are included in the appendices.

VOTING TECHNOLOGY

The MCROV will deploy the Image Cast Voting System (ICVS) from Dominion Voting Systems (DVS) for the 2024 election cycle. The ICVS deployment will include a minimum of 3 Image Cast X (ICX) accessible ballot marking devices at each center as well as a Mobile Ballot Printing (MBP) module that will allow MCROV to print ballots on demand in all required languages at all Vote Centers. Additionally, MCROV will deploy the DVS Remote Accessible Vote-By-Mail system for those who request an accessible VBM ballot. The ICVS will also include new state of the art scanners with image capturing and audit-mark capabilities.

Additionally, at each Vote Center a network of personal computers will be linked to the MCROV Election Information Management System (EIMS) through a secure connection. EIMS is connected to the voter registration administered by the State of California (VoteCal). This will provide access to voter registration data, enabling Vote Center staff to determine the registration and voter status of every voter in real time.

FISCAL IMPACT

The fiscal impact of the 2024 Election cycle is expected to be comparable to the costs associated with both the 2020 and 2022 elections, however inflationary factors may result in higher-than-normal expenses. Given the amount of interest in the Presidential Election MCROV is preparing for a significantly higher turnout than 2022. In order to prepare for the increased turnout additional vote center workers, ballot transport staff and ballot processing staff will be utilized to avoid delays. These enhancements come at an expense and will certainly result in the 2024 Election cycle being the most expensive cycle in Madera County history.

CONCLUSION

The California Voter’s Choice Act was the most significant improvement to the voting process in the history of California. The election model has had a positive impact on voter participation, provided greater accessibility to voters with disabilities, improved our voting systems and technology, and strengthened our elections infrastructure security.

The Madera County Registrar of Voters Office is excited about the numerous improvements that have been made and will continue to improve upon them.. We look forward to continuing to provide accurate, transparent and fair elections that Madera County voters can have full confidence in.

SECTION 1 - VOTER EDUCATION AND OUTREACH PLAN

This approach was successful in past elections and will be repeated when possible.***

To mitigate the limitation of not having local media, the Madera County Registrar's Office has initiated an intense grass roots effort to educate voters, as suggested by stakeholders during our community meetings. Stakeholders have indicated that voters in their communities are most likely to respond to outreach efforts conducted through local organizations, groups and agencies with whom they already have existing relationships with. Secure Vote Center Voting

§4005(a)(10)(I)(iv)

All voting conducted at a Vote Center follows the Secretary of State's security standards, MCROV's security procedures, regulations in the California Elections Code and the California Voting System Use Procedures. This includes, but is not limited to ensuring all equipment at the Vote Center is sealed, delivered, stored and used in compliance with these regulations. In addition, our current procedures require that at least two election workers be present when the site is open.

Security and Contingency Plans

§4005(a)(10)(I)(iv)(VIII)

Preventing Disruption, Continuing Vote Center Operations

§4005(a)(10)(I)(iv)(VIII)(ia), §4005(a)(10)(I)(iv)(VIII)(ib)

All staff, including those working the Vote Centers, and those providing technical and compliance support, will attend extensive training on the operation of the voting equipment, setting up a Vote Center, assisting and processing voters, securing sensitive equipment each night, and the proper procedures in case of an emergency.

Under California voting system requirements, all certified equipment must run on battery power in the event of a power outage. All locations will have a cell phone. County Sheriff and local Police jurisdictions will receive a list of all Vote Center locations. Each Vote Center will be provided with a binder for emergency procedures and be provided with an instruction manual for the operation of a Vote Center and processing voters during an emergency situation.

MCROV will immediately work to resolve a disruption at a polling site and each disruption will have its own response. Generally, if a single Vote Center is

disrupted, MCROV will immediately have the staff redirect voters to other Vote Centers and will inform local police, the Secretary of State’s office, and provide media updates to ensure voters are informed. If there is a natural disaster or other disturbance occurs that affects a Vote Center or ballot drop-off site’s physical location, additional notifications, signage and staff will be available to direct voters to an alternate location. Should all activities at a Vote Center be ceased, staff will immediately secure that Vote Center's voting equipment and account for all voting materials in accordance with California Election Code and the Ballot Manufacturing and Finishing guidelines. MCROV will attempt to open a replacement Vote Center and widely disseminate information to the public about the change.

2-D *Vote Centers: Number To Be Established, Locations, And Hours Of Operations To the Extent Available At The Time Of Publication*

§4005(a)(10)(I)(vi)

The Total Number Of Vote Centers To Be Established.

§4005(a)(10)(I)(vi)(I)

Based on the current Report of Registration MCROV will establish a minimum of 2 Vote Centers open for ten days prior to and election day and an additional 6 vote centers open for 3 days prior to and election day.

MCROV will utilize the Madera County Mobile Vote Center on an as needed basis to supplement the availability of early voting.

The Location and Hours Of Each Vote Center

§4005(a)(10)(I)(vi)(III), §4005(a)(10)(I)(vi)(VI)

MCROV assesses the location of each vote center prior to every election cycle. In addition to the criteria established in EC 4005(a)(10)(B), deference is given to previous vote center locations. It is anticipated that the two 11-day vote centers will be located in the City of Madera and the community of Oakhurst. The additional 6 vote centers are planned for the communities of Chowchilla, Coarsegold, Madera and Madera Ranchos.

The most current information about Vote Center locations and hours can be found in the appendices.

2-E *Staffing Vote Centers:*

MCROV anticipates a minimum of five staff at each Vote Center.

2-F Services for Voters with Disabilities*§4005(a)(10)(I)(vi)(X)*

Each Vote Center will have a minimum of 3 fully accessible touch screen voting devices. These devices are certified by the Secretary of State for use in California elections and allow each voter to mark their ballot independently and privately. Additionally, Vote Center staff will receive training on setting up the equipment, assisting voters with the equipment including voters with disabilities, trouble-shooting issues with the equipment and the proper storage of the equipment.

Additionally, MCROV will procure specialized training, using a train-the-trainer approach, specifically for providing services to voters with disabilities. MCROV plans to utilize an organization that advocates on behalf of, or provide services to, individuals with disabilities to provide the specialized training.

2-G Design and Layout of Vote Centers*§4005(a)(10)(I)(vi)(XI)*

Layout guidelines will be used to ensure voting booths and accessible ballot marking devices are placed in a manner that allows a voter to mark their ballot independently and privately. Layouts will be sensitive to accessibility needs of voters and will be adjusted to accommodate the varying shapes and room sizes of each location. A sample vote center layout is provided in the appendices.

BALLOT DROP BOX ESSENTIALS**2-H Ballot Drop Boxes: Number To Be Established, Locations, And Hours Of Operations To the Extent Available At The Time Of Publication***§4005(a)(10)(I)(vi)****The Total Number Of Drop Boxes To Be Established****§4005(a)(10)(I)(vi)(II)*

Based on the current Report of Registration MCROV is required to establish 5 ballot drop boxes. Additionally, MCROV is in the initial stages of acquiring and locating a 6th ballot drop box with the location to be determined. These locations will open 28 days prior to and through Election Day.

 - Because jail time is a condition of probation (misdemeanor or felony)
 - Serving a felony jail sentence
 - Awaiting trial

PERSONS WITH A CRIMINAL HISTORY WHO CANNOT REGISTER AND VOTE:

Currently serving a state or federal prison term for the conviction of a felony imprisoned in:

- State prison

NOTE: Once you have finished serving your term, your right to vote is restored; however, you must register online at RegisterToVote.ca.gov or by filling out a paper voter registration card.

*California Penal Code section 2910 allows the California Department of Corrections and Rehabilitation (CDCR) to make agreements with local governments to house felons in a county jail or other correctional facility. Madera County Registrar of Voters

Tel 559.675.7720 | 800.435.0509 | www.votemadera.com

HOW TO REGISTER TO VOTE

You may request a voter registration card from the Secretary of State or your county elections office. If you are in jail and you are eligible to vote, you are entitled to receive a voter registration card.

You may also apply to register to vote on the Secretary of State's website [RegisterToVote.ca.gov](https://www.sos.ca.gov). Your voter registration application must be received or postmarked at least fifteen (15) days before Election Day to be eligible to vote in that election. In elections conducted by your county elections official, you can "conditionally" register and vote provisionally at your county elections office or polling location after the 15-day voter registration deadline. For more information, please go to the Secretary of State's webpage on same day voter registration and voting (<https://www.sos.ca.gov/elections/voter-registration/same-day-reg>) or contact your county elections official.

Voter registration cards and voting materials are available in English, Chinese, Hindi, Japanese, Khmer, Korean, Spanish, Tagalog, Thai, and Vietnamese. Voter registration cards are available at most public libraries and government offices. See the information below for state and local elections office contact information.

VOTE BY MAIL

All active registered voters will be mailed a vote-by-mail ballot for every election.

If you are not registered to vote at your current home address, you may register or re-register to vote on the Secretary of State's website [RegisterToVote.ca.gov](https://www.sos.ca.gov). If you use a separate mailing address, you should include this address in your registration application.

RELEASE FROM CUSTODY

If you are released from custody before you receive your vote-by-mail ballot, you can still vote. Just go to a polling location in the county where you are registered to cast your ballot; you may be asked to vote a provisional ballot. For more information about provisional ballots, please go to the Secretary of State's webpage on provisional voting (<https://www.sos.ca.gov/elections/voting-resources/provisional-voting>).

If you change your name, home address, mailing address, or party preference you must complete a new voter registration card. However, within the 14 days before an election, instead of re-registering, you can submit a written request to your county elections official to change your address or party preference.

Registrador de Votantes del Condado de Madera

CÓMO REGISTRARSE PARA VOTAR

Puede pedirle una tarjeta de registro de votante a la Secretaría de Estado o la oficina electoral de su condado. Si está en la cárcel y es elegible para votar, tiene derecho a recibir una tarjeta de registro de votante.

También puede enviar una solicitud para registrarse para votar en el sitio web de la Secretaría de Estado: RegisterToVote.ca.gov. Para ser elegible para votar en las elecciones, la solicitud de registro de votante debe haberse sellado o recibido al menos 15 (quince) días antes del día de las elecciones. En elecciones llevadas a cabo por el funcionario electoral de su condado, puede registrarse “condicionalmente” y votar de forma provisoria en la oficina electoral o el lugar de votación de su condado después de la fecha límite de 15 días para el registro de votantes. Para obtener más información, visite la sección sobre registro de votantes y votación en el mismo día en la página web de la Secretaría de Estado (<https://www.sos.ca.gov/elections/voter-registration/same-day-reg>) o comuníquese con el funcionario electoral de su condado.

Las tarjetas de registro de votante y el material sobre la votación están disponibles en inglés, chino, hindi, japonés, camboyano, coreano, español, tagalo, tailandés y vietnamita. Puede encontrar tarjetas de registro de votante en la mayoría de las bibliotecas públicas y oficinas del gobierno. Vea más adelante la información de contacto de las oficinas electorales estatales y locales.

VOTO POR CORREO

Todos los votantes registrados activos recibirán una boleta electoral de votación por correo para cada elección.

Si no se ha registrado para votar en su domicilio particular actual, puede hacerlo o registrarse nuevamente para votar en la página web de la Secretaría de Estado: RegisterToVote.ca.gov. Si usa una dirección postal distinta, debe incluir esta dirección en su solicitud de registro.

LIBERACIÓN DE CUSTODIA

Puede votar incluso si es liberado de la custodia antes de recibir su boleta electoral de voto por correo. Simplemente debe ir a un lugar de votación en el condado donde esté registrado para votar; es posible que le pidan que vote con una boleta electoral provisional. Para obtener más información sobre boletas electorales provisionales, visite la sección sobre votación provisional en la página web de la Secretaría de Estado (<https://www.sos.ca.gov/elections/voting-resources/provisional-voting>).

Si cambia de nombre, dirección del hogar, dirección postal o preferencia de partido, debe completar una tarjeta de registro de votante nueva. Sin embargo, dentro de los 14 días previos a las elecciones, en lugar de volver a registrarse, puede enviar una solicitud escrita al funcionario electoral de su condado para que cambie su dirección o su preferencia de partido.
